ALLIANCE

European State Aid for Covid-19

This document lists support from the EU and European governments to businesses in general, and the exhibition industry in particular.

Latest updates are highlighted in grey. Specific measures related to our industry are highlighted in yellow, links to sources and more information are [underlined in yellow](#).

We hope that by gathering together examples of financial and other support for the exhibition industry planned or already implemented, it will encourage other governments and policymakers to do the same in their respective countries.

Exhibitions and trade shows are the fastest of fast-tracks to economic recovery once the coronavirus crisis has passed and will deliver the best return on investment now.

The information contained in this document is subject to change. **Last updated: 15 May 2021**. If you have any updated information for your country or market please [email us](#) and let us know.

Austria:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 9 April, under the Temporary Framework, an Austrian liquidity scheme to support the economy in the context of the coronavirus outbreak. The scheme is Austria-wide, targeted at all companies, and allows for the provision of aid in the form of: (i) Direct grants, repayable advances and guarantees with a maximum of €800 000; (ii) State guarantees for loans subject to safeguards for banks to channel State aid to the real economy; (iii) Subsidised public loans to companies, with favourable interest rates. The measure allows aid to be granted by COFAG (COVID-19 Finanzierungsagentur des Bundes GmbH), which is a special purpose vehicle to grant liquidity assistance measures. Aid is granted under the measure either directly or, if it concerns guarantees on loans or subsidised public loans, through credit institutions and other financial institutions as financial intermediaries.</p> <ul style="list-style-type: none"> • Measures related to public guarantees, loans, tax deferrals: <p>On 17 April Austrian guarantee schemes to support Austrian small and medium-sized enterprises (SMEs) in the context of the coronavirus outbreak. The schemes will provide guarantees on working capital loans that will enable those SMEs to cover their short-term liabilities, despite the current loss of revenues caused by the pandemic. The schemes</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 6 July 2020, an €8 billion Austrian scheme to compensate companies for damages related to the coronavirus outbreak to be in line with EU State aid rules. Under the scheme, undertakings will be entitled to compensation for certain damages suffered as a result of the coronavirus outbreak. The compensation, in the form of direct grants, can cover a maximum of 75% of fixed costs incurred during a limited period of three months, with a maximum amount of €90 million per group.</p> <p>On 18 September 2020, certain amendments to a previously approved Austrian liquidity assistance scheme to support Austrian enterprises affected by the coronavirus outbreak to be in line with the State aid Temporary Framework. The original scheme was approved on 8 April 2020 under case number SA.56840, and provides for temporary limited amounts of aid in the form of (i) direct grants, (ii) guarantees on loans and repayable advances, and (iii) guarantees on loans and subsidised interest rates on loans. The aim of the original scheme was to enable enterprises affected by the coronavirus outbreak to cover their short-term liabilities, despite the current loss of revenues caused by the pandemic. Austria notified certain modifications to the original scheme, in particular: (i) micro or small enterprises can now benefit from the measure even if they were considered in difficulty on 31 December</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 23 November, the second phase of an Austrian scheme to support the uncovered fixed costs of companies affected by the coronavirus outbreak. Under the state aid Temporary Framework, the aid, in the form of direct grants, aims to provide economic assistance to all businesses, self-employed individuals, associations and institutions, to keep them solvent and bridge liquidity shortages related to the coronavirus outbreak. The measure is a country-wide scheme and, together with the first phase of the scheme already approved by the Commission in May 2020 (SA.57291), has a total estimated budget of around €12 billion.</p> <p>On 19 January 2021, under EU state aid rules, a €300 million Austrian scheme to support event organisers affected by the coronavirus outbreak. Under the state aid Temporary Framework, the scheme aims to provide economic assistance to all undertakings (including the self-employed, associations and institutions) whose activities will be cancelled or restricted until December 2022 due to the coronavirus outbreak. The measure aims to encourage operators to restart their planning and organising activities.</p> <p>Measures related to public guarantees, loans, tax deferrals:</p>

<p>complement the €15 billion Austrian liquidity scheme that the Commission approved on 8 April 2020. The schemes will provide 100% guarantees for underlying loans up to an amount of €500,000 (except for the agricultural and the fisheries and aquaculture sectors, where the 100% guarantees are limited to underlying loans up to an amount of €100,000 and €120,000, respectively). For loans above those thresholds, the schemes will provide 90% guarantees for underlying loans up of €25 million. The schemes were approved under the State aid Temporary Framework adopted by the Commission on 19 March 2020, as amended on 3 April 2020.</p>	<p>2019, under certain conditions; and (ii) an increase of €4 billion in the total budget of the scheme, from €15 billion to €19 billion.</p> <ul style="list-style-type: none"> • Measures related to public guarantees, loans, tax deferrals:

Belgium:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures (direct grants): • Measures related to public guarantees, loans, tax deferrals: <p>On 11 April, Belgian loan guarantee scheme to support the Belgian economy in the context of the coronavirus outbreak. The Belgian support measure, in the form of State guarantees on new short-term loans, will be accessible to all companies, including small and medium-sized enterprises (SMEs) and self-employed traders. The aim of the scheme is to help businesses affected by the economic impact of the current crisis cover their liquidity needs, thus ensuring the continuation of their activities.</p> <p>On 14 May, a Belgian guarantee measure related to public guarantees: a Belgian guarantee measure, with an indicative budget of €500 million, for companies with export activities affected by the coronavirus outbreak. The support, in the form of State guarantees on loans, will be accessible to companies whose exports represent at least 30% of their annual turnover and will be implemented by the Credit-Export Agency “Credendo”, acting on behalf of the State. The measure will be open to small and medium-sized enterprises (SMEs) and large companies that face economic difficulties and liquidity shortages due to the coronavirus outbreak.</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 10 July 2020, a €6.35 million Belgian scheme to support up to 95 organisations, active in the social tourism sector in Flanders, which have suffered from a severe revenue reduction due to the coronavirus outbreak. The public support, which will take the form of direct grants, is intended to mitigate the severe liquidity shortage that the Flemish tourism organisations are facing, and prevent their bankruptcy.</p> <p>On 9 October, was approved a €15.8 million Belgian scheme to support hotels and apart-hotels in the Brussels-Capital Region in the context of the coronavirus outbreak. The measure allocates direct grants of minimum €20,000 and maximum €200 per hotel or apart-hotels. These grants aim to provide support to affected establishments for lost income and ongoing operating costs for insurance, maintenance and security. The purpose of the measure is to mitigate the liquidity shortages that the hospitality operators are facing due to the restrictive measures imposed by the government to limit the spread of the virus, and to ensure continuity of their economic activity.</p> <ul style="list-style-type: none"> • Measures related to public guarantees, loans, tax deferrals: <p>On 6 August, A €50 million scheme to support companies active in the Flemish events sector that have been affected by the coronavirus</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 20 November, was approved a €434 million Belgian wage subsidy scheme to support companies whose activities were suspended due to new emergency measures put in place by the Government to limit the spread of the coronavirus. The scheme is open to companies in the hospitality, culture, recreation and events, sports, holiday parks and campsites sectors, as well as travel agencies, tour operators and touristic information services. The public support, in the form of direct grants, was earmarked to assist employers pay the social security contributions for the July - September 2020 period. The scheme aims to avoid lay-offs and help beneficiaries resume their business activities after the compulsory shutdown period.</p> <p>On 1 February 2021, a €200 million Belgian scheme to support companies active in the Flemish Region affected by the coronavirus outbreak. Under the state aid Temporary Framework, the support, in the form of direct grants, is open to companies active in all sectors. The scheme was subsequently amended on 25 March 2021, the modifications allowing for additional aid options for beneficiaries and supplementary budgetary allocations.</p> <p>On 22 February 2021, a €34 million Belgian scheme to support tourism companies in the Flemish Region, in the context of the coronavirus</p>

	<p>outbreak. The objective of the scheme is to provide the necessary financing and insurance to companies active in the Flemish events sector in order to fund the restart of their activities, thereby enabling them to organize an event, to make investments, and to place orders. The support will take the form of repayable advances of a minimum amount of €25,000 and a maximum amount of €800,000, calculated as a maximum of 60% of the total costs of the event, as budgeted in the company's business plan. The repayable advance will have to be reimbursed if the event actually takes place. Conversely, the repayable advance will not have to be reimbursed if the event is cancelled because of the coronavirus outbreak or of related measures adopted by the competent authorities.</p> <p>On 6 August a Belgian support scheme for enterprises in the HORECA sector (hotels, restaurants, catering) and the mobile retail food sector, which have been severely affected by the coronavirus crisis. The support takes the form of an exemption from the annual contribution due by enterprises from these sectors to the Federal Agency for the security of the food chain (AFSCA) for 2020, which will apply to the entire Belgian territory. The aim of this scheme is to reduce the costs of the beneficiaries who are facing a serious lack of liquidity as a result of the coronavirus crisis.</p>	<p>outbreak. Under the state aid Temporary Framework, the scheme aims to support investments in health measures, ecologic sustainability, digitalisation and professional training, to help the recovery of the tourism sector on the background of the pandemic.</p> <p>On 22 February 2021, a €149 million Belgian scheme to support the uncovered fixed costs of companies in the Flemish Region affected by the coronavirus outbreak. Under the state aid Temporary Framework, the scheme is open to companies active in all sectors except the financial one. The public support, in the form of direct grants, aims to mitigate the economic difficulties and the sudden liquidity shortages the beneficiaries are facing due to the restrictive measures imposed by the Belgian authorities to limit the spread of the coronavirus.</p> <p>On 12 March 2021, a €10 million Belgian scheme to support organisers of festivals planned to take place in the Flemish and Brussels Regions in the context of the coronavirus outbreak. Under the state aid Temporary Framework, the support, in the form of direct grants, aims to mitigate the liquidity shortages faced by the beneficiaries due to the coronavirus outbreak.</p> <p>On 8 April 2021, the Commission approved a scheme worth €14.6 million to support hotels and similar accommodation establishments in Wallonia that were affected by the coronavirus crisis. Under the state aid Temporary Framework, the support, in the form of direct grants, aims to alleviate the liquidity shortages faced by the beneficiaries, thus mitigate the impact of the</p>

Czechia:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures (direct grants): • Measures related to public guarantees, loans, tax deferrals: <p>On 15 May 2020, an approximately €18.5 billion (CZK 500 billion) <u>Czech scheme</u> for guarantees on loans to support lending to companies with up to 500 employees that are affected by the coronavirus outbreak. Under the scheme, the support will take the form of State guarantees on loans. The scheme will be managed by the Czech promotional bank, Českomoravská záruční a rozvojová banka, a.s. (CMZRB). The measure aims at limiting the risks associated with issuing loans to companies with up to 500 employees that are most severely affected by the economic impact of the coronavirus outbreak, enhancing access to external financing, thus ensuring the continuation of their activities.</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 26 June, CZK 5 billion (approximately €184 million) Czech scheme to support retail businesses and service companies renting premises, which were limited or forbidden to carry out their activities due to the measures imposed by the government in the context of the coronavirus outbreak. The public support, which will take the form of direct grants, will cover 50% of the original rent due for the months of April, May and June 2020, on the condition that the owner of the premises agrees on a 30% reduction of the original rent. This aims at incentivising the private sector to mitigate the sudden liquidity shortages that the affected companies are facing due to the measures taken by the Czech government to limit the spread of the coronavirus.</p> <p>On 26 June 2020, a €2.6 million Czech scheme to support companies affected by the coronavirus outbreak. The public support will take the form of direct grants. The scheme will be open to companies active in Moravia-Silesia and is composed of two separate measures that will provide support to (i) micro-enterprises in the manufacturing sector; and (ii) companies of all sizes that operate tourist attractions. The aim of both measures is to address the liquidity needs of companies affected by the coronavirus outbreak, thus helping to preserve the continuity of economic activity during and after the outbreak.</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): <p>On 25 November, a €28.4 million Czech scheme to support operators who had to cancel or postpone cultural events due to the restrictive measures implemented by the government to limit the spread of the coronavirus. The scheme follows a Czech aid scheme to support operators of cultural events. Under the new measure, the support targets events cancelled or postponed between 1 March 2020 and 31 December 2020. Direct grants were earmarked to cover up to 50% of the eligible expenses for limited, postponed or cancelled cultural events, and up to 80% of eligible expenses for continuous cultural activities (i.e. the operation of theatres, music clubs, artistic management agencies, cultural centres and other similar facilities). Support will also be available for the operation of cultural venues, and for self-employed artists or professional technicians active in the cultural sector.</p> <p>On 23 December, were approved two Czech schemes with a total budget of €20 million, to support profit and non-profit sport entities participating in professional leagues and companies organising sport events, affected by the coronavirus outbreak. The public support, in the form of direct grants, is available to companies that have experienced a significant decline in revenue due to the coronavirus outbreak and the measures imposed by the Government to limit the spread of the virus. Both schemes aim to address</p>

On 19 August 2020, a €34 million (CZK 900 million) **Czech scheme to support operators who had to cancel or postpone their cultural event(s)** due to the restrictive measure that Czechia had to implement to limit the spread of the coronavirus. The public support will take the form of direct grants and will cover up to 50% of the eligible expenses, i.e. the **expenses incurred by the operator to organise the event that was ultimately postponed or cancelled**. The purpose of the measure is to facilitate access to external financing by the beneficiaries and to mitigate the sudden liquidity shortages they are facing as a result of the coronavirus outbreak.

On 27 August 2020, a Czech aid scheme of 126.7 million euros (3.31 billion CZK) to **support operators offering accommodation services, forced to close their doors** due to restrictive measures that the Czech authorities had to take to limit the spread of the coronavirus. Public support will be granted through direct subsidies in the form of a fixed amount per room and per day, for the entire period during which the accommodation was closed, ie from 14 March to 24 May 2020. The measure aims to alleviate the sudden cash shortages that beneficiaries face as a result of the pandemic.

On 3 November, a €110.5 million Czech scheme to support **retail businesses and service companies renting premises**, whose activities were limited or forbidden due to the measures imposed by the government in the context of the coronavirus outbreak. The public support will take the form of direct grants and will cover 50% of the rent due for the months of July, August and September 2020. The purpose of the scheme is to

the liquidity needs of the beneficiaries and to help them to continue their activities during and after the outbreak.

On 14 January 2021, was adopted the modification of an existing aid scheme and a new measure to support Czech employers to be in line with the Temporary Framework. The existing scheme, approved in July 2020, consists of grants covering up to 80% of the employers' wage costs. Its extension and budget increase, from €866 million to €970 million, are estimated to benefit around 280,000 businesses and prevent unemployment. The new aid measure, worth €160 million, **provides support to businesses that were prohibited or restricted from carrying out their activities due to the coronavirus outbreak**. The financing, covering up to 100% of the employers' wage costs, is expected to support around 27,000 businesses of all sizes.

On 8 March 2021, a €38.5 million Czech scheme to **support companies active in the ski resort sector** that have been adversely affected by the coronavirus outbreak. Under the state aid Temporary Framework, the support, in the form of direct grants, aims to mitigate the sudden liquidity shortages these companies are facing due to restrictive measures implemented by the Czech government to limit the spread of the virus, notably the mandatory closure of ski resorts in wintertime.

On 22 March 2021, a Czech scheme of approximately €3 million to **support businesses operating tours** that were prevented from carrying out their activities due to government measures introduced to limit the spread of the

	<p>mitigate the liquidity shortages that the affected companies are facing due to the measures taken by the Czech government to limit the spread of the coronavirus.</p> <ul style="list-style-type: none"> Measures related to public guarantees, loans, tax deferrals: 	<p>coronavirus. Under the state aid Temporary Framework, the public support, in the form of direct grants, aims to help the beneficiaries address their liquidity needs, preserve employment and maintain the operation of businesses and the supply of services in the tourism sector.</p> <p>On 30 March, the Commission approved a Czech aid scheme worth approximately €22 million to support companies active in the organisation of fairs, exhibitions, conferences and business events, in the context of the coronavirus outbreak. Under the state aid Temporary Framework, the public support, in the form of direct grants, aims to mitigate the economic difficulties and the liquidity shortages faced by the beneficiaries due to the outbreak and the measures implemented to limit the spread of the virus.</p> <p>Measures related to public guarantees, loans, tax deferrals:</p> <p>On 29 March 2021, a Czech scheme ('COVID Invest') for guarantees on new investment loans, to support lending companies affected by the coronavirus outbreak, and the modification of an existing scheme ('COVID Plus') providing guarantees to large exporting companies. Under the state aid Temporary Framework, the two schemes can jointly generate loans with a nominal amount of up to €19.3 billion. The 'COVID Invest' scheme, sharing its budget with the 'COVID III' scheme approved in May 2020, aims to provide guarantees on new investment loans to small and medium-sized enterprises and large companies. The scheme aims to support the liquidity needs of</p>

<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 12 March 2020, a Danish aid scheme SA.56685 to compensate organisers for the damage suffered due to the cancellation of large events with more than 1,000 participants or targeted at designated risk groups.</p> <p>On 6 April 2020, under Article 107(2)(b), a Danish scheme that compensates companies particularly affected by the coronavirus outbreak, up to a maximum of DKK 60 million (approximately €8 million) per company. Under the scheme, private companies registered in the Danish Central Business Register (CVR), which have a proven decline in revenues of more than 40 % because of the coronavirus outbreak in the period from 9 March to 9 June 2020, will be entitled to compensation for the damages suffered. In particular, they will be compensated in part or in full for the fixed costs that they continue to bear. The Danish authorities foresee several levels of compensation according to the level of the turnover decline. The Commission assessed the measure under Article 107(2)(b) of the Treaty on the Functioning of the European Union (TFEU), which enables the Commission to approve State aid measures granted by Member States to compensate specific companies or specific sectors (in the form of schemes) for the damages directly caused by exceptional occurrences.</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 2 June 2020, under EU State aid rules, an approximately €97 million (DKK 725 million) Danish scheme to compensate travel operators for damages caused by the cancellation of package travels due to the exceptional circumstances caused by the coronavirus outbreak and the subsequent travel restrictions imposed by the Danish Government. Travel operators will be entitled to compensation for the losses suffered as a consequence of reimbursing consumers in the event of cancellation. The compensation, in the form of direct grants covering up to 100% of documented losses related to the coronavirus outbreak, will be granted by the Danish Travel Guarantee Fund and will cover the period from 26 January 2020 until 31 May 2020, corresponding to the timeframe in which the Danish government has put in place travel restrictions.</p> <p>On 14 July 2020, under EU State aid rules, a DKK 1.1 billion (approximately €148 million) Danish scheme to compensate damages suffered by companies whose activities are still subject to the restrictive measures implemented by the Danish Government to limit the spread of the coronavirus, while the rest of the economy is progressively re-opening. The scheme will be open to companies that are still forbidden to carry out their activities and to suppliers of goods and services for events that have been cancelled, because of these</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 13 November, the Commission approved, under EU State aid rules, the amended Danish support for companies affected by the coronavirus outbreak, following a Danish scheme previously approved by the Commission in July and extended to January 2021. The additional support consists in a new scheme worth around €80 million, for the provision of limited amounts of aid to suppliers of companies prohibited from operating, and suppliers of private events cancelled due to governmental restrictions to limit the spread of the coronavirus. The support, in the form of direct grants, was earmarked to cover the liquidity shortages of the beneficiaries, from 1 September 2020 to 31 January 2021.</p> <p>On 27 November, the Commission approved a €107 million Danish scheme, as well as the extension of a previously approved Danish measure, to help companies affected by the coronavirus outbreak. The support was earmarked to help businesses cover from 75% to 90% of employee salary costs. The first scheme, with a budget of approximately €107 million, is open to companies affected by local restrictions imposed to contain the spread of a specific coronavirus variant that originated from mink. Both schemes aim to help the beneficiaries address liquidity needs and pay salaries, to avoid lay-offs and continue operating.</p>

<p>Prolongation and modification of a previously approved scheme to compensate companies for damages caused by the cancellation of public events due to the coronavirus outbreak to be in line with EU State aid rules. Denmark notified the following modifications to this scheme: (i) as a direct consequence of further temporary prohibitions of public events decided by the Danish Government in the public health interest, the duration of the measure is extended to cover events that should have taken place between 6 March and 31 August 2020 (previously, only events scheduled until 30 March 2020 could be compensated); (ii) the scheme will now be accessible to organizers of events with more than 350 participants (previously, beneficiaries were organisers of events with more than 1,000 participants); and (iii) the budget of the measure has increased from DKK 91 million (€12 million) to DKK 2,310 million (€310 million).</p> <ul style="list-style-type: none"> Measures related to public guarantees, loans, tax deferrals: <p>On 3 April 2020, a Danish State loan facility in support of the Travel Guarantee Fund (“Rejsegarantifonden”). The loan aims to support the Travel Guarantee Fund, which provides reimbursement to travellers in case of travel cancellations. In particular, the measure covers travel packages that were cancelled due to the exceptional circumstances caused by the coronavirus outbreak and the subsequent travel restrictions imposed by the Danish Government. It aims to ensure liquidity for travel organisers and the quickest possible refunds or reimbursements to travellers.</p>	<p>measures. Under the scheme, such companies, which have a documented decline in turnover of more than 35% because of the coronavirus outbreak, will be entitled to compensation for the damage they suffer. This will be applicable for the period between 8 July to 31 August 2020 compared to a reference period before the coronavirus outbreak. The maximum aid amount per company is DKK 60 million (approximately €8 million).</p> <p>On 15 July 2020, a €27 million (DKK 200 million) Danish scheme to support companies whose activities are still subject to the restrictive measures implemented by the Danish Government to limit the spread of the coronavirus. The scheme will be open to companies that are still facing financial difficulties as a result of the coronavirus outbreak as they are active in those sectors that are still subject to restrictive measures limiting customers' access, even though the total operation ban was lifted since 8 June 2020. The measure will provide beneficiaries with a grant of up to €800,000 (approximately DKK 6 million) per company during the period from 9 July to 8 August 2020.</p> <p>Under EU State aid rules, a DKK 1.1 billion (approximately €148 million) Danish scheme to compensate damages suffered by companies in the tourism and travel-related sectors. The scheme will be open to companies active in those sectors and whose activities are still affected by previous border closure and travel restrictions that have now been lifted, or by the remaining border and travel related measures implemented by the Danish government to limit the spread of the virus. Under the scheme, such companies, which have</p>	<p>On 14 December, the Commission approved a Danish scheme to support event organisers affected by the coronavirus outbreak. The support, in the form of direct grants, is open to organisers of events in the field of culture, sport and business, that are subject to various restrictions. The aim of the scheme is to mitigate the sudden liquidity shortages that the beneficiaries are facing due to these restrictive measures, and to ensure continuity of their economic activity.</p> <p>On 22 December, the Commission approved a €37.5 million Danish umbrella scheme to cover part of the fixed costs of companies affected by the coronavirus outbreak. The support, in the form of direct grants, is open to companies active in all sectors except for the financial one. The purpose of the scheme is to mitigate the economic difficulties and the sudden liquidity shortages that the beneficiaries are facing due to the restrictive measures imposed by the government to limit the spread of the virus.</p> <p>On 22 December, the Commission approved a €94 million Danish umbrella scheme to support the uncovered fixed costs of companies affected by the coronavirus outbreak. Under the state aid Temporary Framework, the support, in the form of direct grants, is open to companies active in all sectors except for the financial one.</p> <p>On 21 January 2021, the Commission approved the prolongation of a Danish scheme to compensate companies whose activities are still subject to restrictive measures implemented by the Danish Government to limit the spread of the coronavirus. The existing scheme, approved in</p>
---	--	---

<p>On 30 April 2020, four Danish schemes granting tax deferrals and comparable measures to ease liquidity constraints of Danish small and medium-sized enterprises (SMEs) facing difficulties due to the coronavirus outbreak. The public support, with a total budget of €130 million (DKK 970 million), will support companies affected by the coronavirus outbreak. This will take the form of tax deferrals and similar measures in relation to VAT and payroll tax liabilities. The Danish Parliament adopted an “Act on interest-free loans corresponding to declared VAT, payroll tax and advance payment of tax credits due to COVID19”. Certain VAT and payroll tax instalments, which were due to be paid or were paid already in the context of the coronavirus outbreak, but could not be deferred in view of the date of adoption of the Act, will be reimbursed in the form of interest-free credit facilities. The scheme will be accessible to Danish SMEs active in most sectors. The measures are intended to ease the liquidity constraints faced by those companies, thus helping them to continue their activities.</p>	<p>a documented decline in turnover of more than 35% because of the coronavirus outbreak, will be entitled to compensation for the damage they suffer. This will be applicable for the period between 8 July to 31 August 2020 compared to a reference period before the coronavirus outbreak.</p> <p>On 8 October, a €10.5 million Danish scheme to support companies that have been prevented from operating in the context of the coronavirus outbreak. The scheme is open to companies active in sectors that were covered by a total operation ban implemented to limit the spread of the coronavirus (from March 2020) and for which the total ban was lifted (after September 2020) and replaced by general safety and health measures limiting customer access. The support will take the form of direct grants, and aims to facilitate access to finance and mitigate liquidity shortages.</p> <p>On 30 October, Danish scheme of around €99.4 million to support cafés, restaurants, nightclubs, discotheques and venues that are restricted on their opening hours, as well as their suppliers, in the context of the coronavirus outbreak. The support will take the form of direct grants and help mitigate the sudden liquidity shortages that these companies are facing because of the restrictive measures imposed by the government to limit the spread of the virus.</p> <ul style="list-style-type: none"> • Measures related to public guarantees, loans, tax deferrals: 	<p>July 2020, was first amended in November 2020. The scheme enables Denmark to compensate companies that are still not allowed to carry out their activities, and to compensate suppliers of goods and services for events that have been cancelled due to the necessary restrictive measures.</p> <p>On 21 January 2021, the Commission found the prolongation of an existing Danish scheme to compensate companies for damages caused by the cancellation of public events due to the coronavirus outbreak. The scheme, originally approved on 12 March 2020, was modified twice, in May and November 2020. The scheme enables Denmark to compensate organisers of events for the losses suffered due to the restrictive measures that the Danish government had to implement to limit the spread of coronavirus, which led to the cancellation, postponement or significant modification of planned events.</p> <p>On 22 Mars 2021 prolongation and adjustment of State Aid SA.56685 as amended by SA.57209, SA.59667 and SA.61056 – Compensation scheme for cancellation of events caused by COVID-19.</p> <ul style="list-style-type: none"> • Measures related to public guarantees, loans, tax deferrals:

Hungary:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures: <p>On 8 April 2020, a Hungarian aid scheme to support the Hungarian economy in the context of the coronavirus outbreak. The scheme is to support businesses affected by the coronavirus outbreak, and will be managed by the competent agency, Hungarian Investment Promotion Agency Non Profit Ltd (HIPA Non-Profit Ltd). The public support, which will take the form of direct grants, will be accessible to medium and large enterprises, which are particularly hit by the economic consequences of the coronavirus outbreak and which are active in certain sectors defined by Hungary. The scheme aims at supporting companies that face difficulties due to loss of income and liquidity resulting from the economic impact of the coronavirus outbreak. In particular, it will help businesses to cover their immediate working capital or investment needs.</p> <p>On 17 April 2020, a HUF 350 billion (approximately €1 billion) scheme to support the Hungarian economy in the context of the coronavirus outbreak. Support will be in the form of direct grants using EU structural funds for that purpose. The scheme will be open to all companies, i.e. micro, small and medium-sized enterprises (SMEs) and large companies, which have access to European structural funds and are facing difficulties as a result of the economic impact of the coronavirus outbreak. The scheme was approved under the State aid Temporary</p>	<ul style="list-style-type: none"> • Expenditure measures: <p>On 10 December, the Commission approved a €132.5 million Hungarian aid scheme to support the catering, culture, sports and accommodation sectors, which have been affected by the coronavirus outbreak. Under the state aid Temporary Framework, the scheme aims to alleviate employer's costs and avoid lay-offs, as well as to mitigate the liquidity shortages the beneficiaries are facing, and ensure the continuity of economic activity during and after the outbreak. The public support for the catering, culture and sports sectors is granted as wage subsidies, consisting of exemptions from fiscal obligations born by the employers, and direct grants amounting to 50% of the employees' gross salary.</p> <ul style="list-style-type: none"> • Measures related to public guarantees: <p>On 23 November, a €145 million Hungarian scheme to provide liquidity and capital support to companies affected by the coronavirus outbreak. Under the state aid Temporary Framework, the support is to take the form of subordinated loans, recapitalisations and convertible loans. The scheme is managed by two state funds, and recapitalisation is a mandatory component of aid, possible to combine with debt and/or other instruments.</p>	<ul style="list-style-type: none"> • Expenditure measures (direct grants): • Measures related to public guarantees, loans, tax deferrals:

<p>Framework adopted by the Commission on 19 March 2020, as amended on 3 April 2020.</p> <p>On 7 May 2020, three Hungarian aid measures, with a total budget of around € 900 million, to support the Hungarian economy in the context of the coronavirus outbreak. Under the three schemes, with a total budget of around € 900 million, the public support will take the form of direct grants. The measures, which will be open to small and medium-sized enterprises (SMEs) and large companies facing economic difficulties and liquidity shortages due to the coronavirus outbreak. The schemes are expected to benefit up to 5,000 businesses. The schemes aim at providing businesses which are particularly affected by the coronavirus outbreak with sufficient liquidity to cover their immediate working capital and investment needs, thus enabling them to continue their activities, make investments and maintain employment during and after the outbreak.</p> <p>On 25 May 2020, an approximately €60 million (HUF 21 billion) Hungarian scheme to support micro, small and medium sized enterprises (“SMEs”) affected by the coronavirus outbreak. The aim of the measure is to ensure that micro companies and SMEs affected by the coronavirus outbreak have sufficient liquidity to cover their immediate working capital and investment needs by facilitating access to loans. The support will take the form of direct grants intended to cover part of the financial costs (interests and handling fees) incurred by micro companies and SMEs in relation to certain loans granted until 31 December 2020. The aid will be channelled through credit institutions. The Hungarian</p>

Italy:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 21 May 2020, a €9 billion Italian “umbrella” scheme to support the Italian economy in the context of the coronavirus outbreak. Under the scheme, the Italian Regions and Autonomous Provinces, other territorial bodies as well as Chambers of commerce, will be able to provide support to companies of all sizes, including self-employed, small and medium-sized enterprises (SMEs) and large companies. Public support can be granted through: Direct grants, guarantees on loans and subsidised interest rates for loans. Aid for coronavirus-related research and development (R&D), for the construction and upscaling of facilities to develop and test coronavirus-relevant products, and for the production of coronavirus-related products, such as vaccines, medical products, treatments and devices, disinfectants and protective clothing, active pharmaceutical ingredients and active substances used for disinfectants. Wage subsidies for employees to avoid lay-offs during the coronavirus outbreak. This scheme aims at supporting companies that face difficulties due to loss of income and liquidity shortages resulting from the economic impact of the coronavirus outbreak. In particular, it will help businesses cover immediate working capital or investment needs. This scheme will also support and promote research and production of coronavirus-related products and will help employees to avoid layoffs in these difficult times.</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 16 June 2020, the modifications of the previously approved Italian scheme to compensate self-employed workers and companies (with less than 500 employees) affected by the coronavirus outbreak to be in line with EU State aid rules. The budget of the measure has substantially increased. The budget representing the expected public costs of the scheme notified by Italy is now of €25 billion. Furthermore, the maturity of the fully guaranteed loans with an amount up to €30,000 has been increased from six to ten years. The Commission concluded that the scheme, as modified, remains necessary, appropriate and proportionate to remedy a serious disturbance in the Italian economy, in line with Article 107(3)(b) TFEU and the conditions set out in the Temporary Framework.</p> <p>On 8 July 2020, approved a €6.2 billion Italian scheme to support small businesses and self-employed affected by the coronavirus outbreak. Under the scheme, the public support will take the form of direct grants. The scheme is open to small businesses and self-employed active in all sectors, except the financial sector and the public administration. The amount of individual aid will be calculated as a percentage of the difference between the turnover recorded by eligible beneficiaries in April 2020 compared to turnover in April 2019 (at a minimum of €1,000 for natural</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 4 December, a €625 million Italian scheme to support tour operators and travel agencies in Italy affected by the coronavirus outbreak. The scheme aids to mitigate the impact of the crisis for tour operators and travel agencies limited or forbidden to carry out their activities due to the exceptional measures taken by the Italian government to limit the spread of the virus.</p> <p>On 15 December, the Commission found the modification of the existing Italian “umbrella” scheme to support companies affected by the coronavirus outbreak. Italy notified the increase of the budget by €1 billion and the possibility to grant aid in the form of support for uncovered fixed costs, following modifications to the existing scheme. The aid, in the form of direct grants, public guarantees and loans at favourable conditions, aims to support companies of all sizes, including the self-employed and small and medium-sized enterprises, particularly with wage subsidies for employees to avoid lay-offs during the coronavirus outbreak.</p> <p>On 18 December, the Commission approved a €370 million Italian scheme to support companies active in the congress and fair industry affected by the coronavirus outbreak. The scheme is open to fair agencies and organisers of conventions and trade shows, as well as providers of logistics, transport and stand builders. The support, in the</p>

The Lithuanian support measure is a guarantee scheme for working capital and investment loans granted by commercial banks to support companies affected by the coronavirus outbreak. The support under the Lithuanian scheme will be open to small and medium-sized enterprises (SMEs) and large companies facing difficulties as a result of the economic impact of the coronavirus outbreak. The aim of the scheme is to help businesses to cover their immediate working capital or investment needs, thus ensuring the continuation of their activities.</p> <p>On 10 April, two Lithuanian aid schemes to support the Lithuanian economy in the context of the coronavirus outbreak. The Lithuanian support measures, offered by the national promotional institution INVEGA, aim at providing liquidity in the form of subsidised loans to companies affected by the coronavirus outbreak, in particular: (i) The first measure, which is offered to SMEs via financial intermediaries, will facilitate access to finance in the form of subsidised loans for enterprises facing cash shortages. (ii) The second measure, which is directly provided to companies, concerns loans for outstanding invoices.</p> <p>On 26 May 2020, Lithuanian plans to set up a fund with a target size of up to €1 billion that will invest through debt and equity instruments in</p>	<p>reimbursement of travellers for trips that did not occur as a result of coronavirus-related travel restrictions, as well as to accommodation and catering service providers for the costs incurred as a result of the same restrictions. The purpose of the measures is to facilitate access to finance and to mitigate the sudden liquidity shortages that the affected companies are facing.</p> <p>On 18 November, €100 million Lithuanian scheme enabling the deferred payment of social security contributions for enterprises affected by the coronavirus outbreak. The scheme is open to businesses active in sectors affected by the emergency measures ordered by the Lithuanian government to limit the spread of the coronavirus. The aim of the measure is to address the liquidity needs of the eligible enterprises, and help them continue their activities during and after the outbreak.</p>	<p>The support makes available loans of up to €100,000 with subsidised interest rates provided by <i>Investicijų ir verslo garantijos</i> (Invega), a Lithuanian promotional institution. The scheme is open to companies active in all sectors of the economy except the agricultural, fishery, aquaculture and financial ones. The scheme aims to enhance access to financing for the beneficiaries, helping them continue their activities during and after the outbreak.</p> <p>On 19 January 2021, the Commission approved a €156 million Lithuanian aid scheme for enterprises affected by the coronavirus outbreak. The public support, in the form of tax deferrals and tax-related liquidity measures, aims to address the liquidity needs of the beneficiaries and help them continue their activities during and after the outbreak.</p>
--	--	---

<p>medium-sized and large enterprises active in Lithuania affected by the coronavirus outbreak. Under the scheme, the support will take the form of subsidised debt instruments and recapitalisation instruments. The State will provide an initial investment of €100 million in the fund, and will guarantee bonds up to €400 million that will be issued to raise additional capital for the fund. The State's total investment in the fund may therefore increase up to €500 million. The fund will also aim to attract private investments for up to additional €500 million. Private investments will be made on different terms with respect to the State: the risk-sharing arrangements will be determined through an open, transparent, non-discriminatory call in order to minimise any possible aid to private investors.</p>

Luxembourg:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures: • Measures related to public guarantees: <p>On 24 March 2020, Luxembourg's scheme to support companies and liberal professions affected by the economic impact of the coronavirus outbreak. The support takes the form of a repayable advance to allow beneficiaries to cover their operating costs in the difficult situation caused by the coronavirus outbreak.</p> <p>On 25 May 2020, a €30 million Luxembourg aid scheme to support investments by companies affected by the coronavirus outbreak. The scheme will be accessible to companies of all sizes active in all sectors, with some exceptions defined by Luxembourg, namely companies active in the financial sector, in the fishery and aquaculture sectors and in the primary production of agricultural products. The objective of the scheme is to enable companies experiencing a decrease in liquidity due to the coronavirus outbreak to undertake investments that they would not otherwise undertake due to the current crisis.</p>	<ul style="list-style-type: none"> • Expenditure measures: <p>On 2 June 2020, two Luxembourgish State aid schemes, for a total estimated amount of €260 million, to support certain companies severely affected by the coronavirus outbreak. In the framework of both schemes, the aid will be given in the form of direct grants. The first scheme, with an estimated budget of €200 million, will be open to businesses of all sizes operating in certain sectors defined by Luxembourg (including hotels, restaurants, and travel and event organisers). These businesses will be able to benefit from the scheme if they have had a fall in turnover of at least 25% due to the coronavirus outbreak, during the first half of 2020 and if this situation is expected to continue during the second half of 2020. The second scheme, with an estimated budget of €60 million, will be open to micro and SMEs in the retail sector, or offering certain categories of services, as defined by Luxembourg (such as hairdressers, opticians, stylists, dry-cleaning and laundry services). These businesses can benefit if they have had to suspend their activities or have registered a fall in turnover of at least 50% between March and May 2020 due to the pandemic. The aim of these State aid schemes is to respond to companies' sudden need for liquidity as a result of the coronavirus outbreak, and to help them continue their activities.</p>	<ul style="list-style-type: none"> • Expenditure measures: <p>On 24 November, a Luxembourg state aid scheme of around €120 million, to support the uncovered costs of companies affected by the coronavirus outbreak. The support, in the form of direct grants, was earmarked to provide economic assistance to businesses, including those operating in the hospitality, accommodation and entertainment sectors, to help with the liquidity shortages faced due to the coronavirus outbreak.</p> <p>on 25 November, a €60 million Luxembourg aid scheme to support certain companies affected by the coronavirus outbreak. The public support, in the form of direct grants, was earmarked for addressing the liquidity needs of the beneficiaries and help them continue their activities during and after the outbreak. Targeted sectors include hotel and camping, restaurant and catering services, travel and event organisation services, retail trade or vocational training.</p> <ul style="list-style-type: none"> • Measures related to public guarantees:

- Measures related to public guarantees:

On 1 July 2020, under EU State aid rules, a €145 million Luxembourgish reinsurance scheme to support the trade credit insurance market in the context of the coronavirus outbreak. Trade credit insurance protects companies supplying goods and services against the risk of non-payment by their clients. Given the economic impact of the coronavirus outbreak, the risk of insurers not being willing to maintain their insurance coverage has become higher. The Luxembourgish reinsurance scheme, with a total budget of €145 million, ensures that trade credit insurance continues to be available to all companies, avoiding the need for buyers of goods or services to pay in advance, therefore reducing their immediate liquidity needs.

Slovakia:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> Expenditure measures: <p>On 21 April 2020, a Slovak aid scheme for preserving employment and supporting self-employed individuals affected by the coronavirus outbreak and the emergency measures taken by the State. The Slovak support measure is a wage subsidy aid scheme that would allow the Slovak authorities to finance a part of the wage costs (including employer's social security contributions) of undertakings that, due to the coronavirus outbreak, would otherwise have laid off personnel. The compensation will benefit employers that will preserve jobs despite the obligation to cease or reduce economic activities based on the emergency state measures. The scheme would also allow the Slovak authorities to compensate self-employed persons and employers affected by lower revenues due to the crisis or by the imposed restrictions of their operations. The measure is expected to support the jobs of close to 400,000 employees and 300,000 self-employed persons.</p> <ul style="list-style-type: none"> Measures related to public guarantees: 	<ul style="list-style-type: none"> Expenditure measures: <p>On 16 June 2020, a €200 million Slovak scheme to support companies renting premises, which were limited or to carry out their activities due to the measures imposed by the Slovak government in the context of the coronavirus outbreak. These companies had to close business in the premises, interrupt teaching (in schools and school facilities) or exclude the presence of the public from the establishment due to the coronavirus outbreak. The public support, which will take the form of direct grants, is intended to cover the reduction of the rent negotiated with the landlord, up to a maximum amount of 50% of the original rent. More specifically, if a tenant negotiates a rebate of 20% of the rent with the landlord, the State will pay to the landlord, on behalf of the tenant, another 20% of the rent, thereby reducing the rent by 40% for the tenant. This aims at mitigating the sudden liquidity shortages that the affected companies are facing due to the measures taken by the Slovak authorities to limit the spread of the coronavirus.</p> <p>On 19 June 2020, three Slovak aid schemes, with an overall budget of €4 billion, to support companies affected by the coronavirus outbreak. The schemes aim at providing liquidity to companies affected by the coronavirus outbreak, thus helping them continue their activities, start</p>	<ul style="list-style-type: none"> Expenditure measures: <p>On 22 December, €100 million Slovak scheme to support companies affected by the coronavirus outbreak. Under the state aid Temporary Framework, the support, in the form of direct grants, is open to companies active in all sectors except for the primary agriculture, fishery and aquaculture, and financial ones. The scheme aims to address the liquidity needs of the beneficiaries, helping them continue their activities during and after the coronavirus outbreak. Over 1,000 companies are expected to benefit from the scheme.</p> <p>On 18 January 2021, a €8 million Slovak scheme to support sport clubs participating in professional leagues in the context of the coronavirus outbreak. The public support, in the form of direct grants, is available to companies that have experienced a significant decline in revenue due to the coronavirus outbreak and the measures imposed by the Government to limit the spread of the virus. The scheme aims to address the liquidity needs of the beneficiaries, and help them continue their activities during and after the outbreak.</p> <p>On 15 January 2021: Commission approves €8 million Slovak scheme to support professional sport clubs in the context of coronavirus outbreak (SA.60212).</p>

	<p>investments and maintain employment levels pre-dating the coronavirus outbreak.</p> <ul style="list-style-type: none"> Measures related to public guarantees: <p>On 11 August 2020, a €25 million <u>Slovak scheme</u> to support innovative companies with limited access to credit facilities in the context of the coronavirus outbreak. The public support, which will take the form of convertible loans with maturities between 18 to 36 months, will be open to companies with a scalable innovative product or service with potential for significant growth in international markets. The purpose of the scheme is to help innovative companies access external financing at a time when the normal functioning of credit markets has been severely disrupted by the coronavirus outbreak.</p>	<ul style="list-style-type: none"> Measures related to public guarantees:

Slovenia:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> • Expenditure measures: on 24 April 2020, a Slovenian State aid scheme to support the Slovenian economy in the context of the coronavirus outbreak. The Slovenian support measure is an “umbrella” scheme including a dozen measures to support companies affected by the coronavirus outbreak. Under the scheme, the public support will take the form of direct grants, wage subsidies, exemption from paying social security contributions, reduction of certain taxes and water fees, bank guarantees, deferred payment of certain credits and compensatory payments. • Measures related to public guarantees: On 30 April 2020, two Slovenian schemes to support companies affected by the coronavirus outbreak. Under the schemes, public support will be provided in the form of: rent rebates and rent exemptions for tenants of commercial real estate managed by Slovenian public bodies; and public guarantees on investment and working capital loans. Both schemes will be open to all companies active in Slovenia facing difficulties as a result of the economic impact of the coronavirus outbreak. The aim of these schemes is to address the liquidity needs of those companies which are most severely affected by the economic impact of the coronavirus outbreak and to help them to continue their activities, start investments and 	<ul style="list-style-type: none"> • Expenditure measures: On 29 June 2020, a €600 million Slovenian scheme to support companies affected by the coronavirus outbreak. Under the scheme, which will be open to companies active in different sectors, the support will take the form of direct grants, payment advantages and wage subsidies. The aim of the scheme is to help companies counter the liquidity shortages they face due to the coronavirus outbreak, continue their activities and preserve employment. On 30 June 2020, under EU State aid rules, a €200 million Slovenian scheme to compensate large companies for the damages suffered due to the coronavirus outbreak and the confinement measures that the Slovenian Government had to implement to limit the spread of the virus. Under the scheme, companies will be entitled to compensation of the damages incurred between 13 March and 31 May 2020, in the form of direct grants and exemptions from payment of social security contributions. The compensation will cover up to 100% of the difference between the operating results of the company concerned during the compensation period and its operating results in a reference period before the coronavirus outbreak. The scheme will be open to large companies active in all sectors, with some exceptions defined by Slovenia, namely companies active in the financial and insurance sectors. The measure is expected to benefit 	<ul style="list-style-type: none"> • Expenditure measures: On 15 January 2021, the Commission found the modification of a an existing Slovenian scheme to support the economy in the context of the coronavirus outbreak, as well as a new measure, to be in line with the State aid Temporary Framework. The original scheme, initially approved in June 2020, was subsequently modified in July and November 2020. The new aid measure, funded within the budget of €1,350 million approved by the Commission under the second amendment of the existing scheme, provides grants to employers in micro and small enterprises, aiming to help them cover a 100% reimbursement of the wage compensations for employees (including social security contributions). • Measures related to public guarantees:

<p>maintain employment during and after the outbreak.</p>	<p>around 50 companies. The Commission found that the Slovenian scheme is in line with Article 107(2)(b) of the Treaty on the Functioning of the European Union (TFEU), which enables the Commission to approve State aid granted by Member States to compensate specific companies or specific sectors for the damages directly caused by exceptional occurrences, such as the coronavirus outbreak.</p> <ul style="list-style-type: none"> • Measures related to public guarantees:

Spain:

1. Emergency help:	2. Restart help:	3. Recovery help:
<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 2 April 2020, a Spanish aid scheme to support the Spanish economy in the context of the coronavirus outbreak. This new “umbrella” scheme consists of a National Temporary Framework for State aid, based on which Spanish national, regional, and local authorities will be able to grant aid providing liquidity support to self-employed, SMEs and large companies in the form of direct grants, repayable advances, tax and payment advantages, guarantees on loans and subsidised interest rates for loans. The scheme will help businesses to cover immediate working capital or investment needs.</p> <ul style="list-style-type: none"> Measures related to public guarantees, loans, tax deferrals: <p>On 24 March 2020, two Spanish guarantee schemes for companies and self-employed workers affected by the coronavirus outbreak. The schemes are for new loans and refinancing operations for: (i) self-employed workers and small and medium-sized enterprises (SMEs); and (ii) larger companies, with the objective to ensure that these companies have liquidity to help them safeguard jobs and continue their activities.</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): Measures related to public guarantees, loans, tax deferrals: <p>On 31 July 2020 Spanish plans to set up a Solvency Support Fund with a budget of €10 billion that will invest in companies affected by the coronavirus outbreak. The fund, established through the State budget, will provide debt and capital support to strategic enterprises active in Spain in the form of debt and recapitalisation instruments.</p> <p>On 6 August, under EU State aid rules and in particular the Temporary Framework, the Commission approved amendments to two previously-approved Spanish guarantee schemes. The existing schemes with a total budget of €20 billion, providing guarantees on loans to companies and the self-employed, were approved on 24 March. The amendments to these schemes increase the budgetary allocation by €40 billion, which will be released in different tranches.</p>	<ul style="list-style-type: none"> Expenditure measures (direct grants): <p>On 22 February 2021, the Commission approved the modification of an existing Spanish ‘umbrella’ scheme previously approved in April 2020 to support the economy in the context of the coronavirus outbreak to be in line with the state aid Temporary Framework. The modification allows for limited amounts of aid through financial intermediaries and introduces a new measure to support the uncovered, fixed costs of companies affected by the outbreak. The public support, in the form of direct grants, tax and payment advantages, repayable advances, guarantees, loans and equity is accessible to companies of all sizes active in all sectors excluding the financial one. Its objective is to provide liquidity to companies experiencing a decline in turnover of at least 10% because of the coronavirus outbreak.</p> <p>On 23 March 2021: Modification of Spanish schemes, including €10 billion budget increase for aid of limited amount, to further support economy in context of coronavirus outbreak (SA.61875) (daily news: MEX/21/1351)</p> <ul style="list-style-type: none"> Measures related to public guarantees, loans, tax deferrals: <p>On 23 November, the Commission approved, under EU State Aid rules, a €2.55 billion Spanish scheme to compensate self-employed people and companies for damages suffered due to</p>

		<p>coronavirus outbreak. The compensation will take the form of public guarantees for repayable new loans granted by supervised financial institutions, and new notes issued on the Alternative Fixed-Income Market. Under the scheme, around 15,000 self-employed are to be compensated for damages incurred between 14 March and 20 June 2020 (the period when the Spanish government implemented restrictive measures to limit the spread of the virus).</p> <p>On 7 December, the Commission approved, under EU state aid rules, a €500 million Spanish reinsurance scheme to support the trade credit insurance market in the context of the coronavirus outbreak. The scheme aims to make trade credit insurance available to all companies, avoiding the need for buyers of goods or services to pay in advance, therefore reducing their immediate liquidity needs. The scheme was designed to supplement private reinsurance, operators having the possibility to choose a coverage of public re-insurance guarantee of up to 60%.</p> <p>On 14 December, the Commission found the modification of a Spanish 'umbrella' scheme to support economy in coronavirus outbreak to be in line with the Temporary Framework. The existing scheme, providing guarantees on loans to companies and the self-employed affected by the coronavirus outbreak, was approved by the Commission on 2 April 2020. Spain notified modifications that allow final beneficiaries to request some changes to the terms of existing guaranteed loans granted under already authorised schemes: an extension of the initial period for an additional 12 months, and an extension of maturity by a maximum of three</p>
